

# Seafood Investment Forum

May 22, 2013 – Grand Hyatt New York, NYC

08:00a – 5:00p

**7:30 - 8:15a: Registration**

**8:15a: Welcoming Remarks**, Pål Korneliussen, Publisher, IntraFish Media

**Keynote Speaker:** Bruce Axtman, President, Nielsen Perishables Group

- How retail data show shifts in seafood consumption
- How changes in consumer behavior worldwide will drive seafood demand
- How seafood companies can capitalize on the latest consumer trends

## PANELS

Panelists from the world's largest and most influential seafood companies will participate in a series of sector specific panel discussions, followed by lively Q&A sessions.

### Hooked on fish: How growing demand will grow bottom lines

- How will increasing global demands for protein drive growth in the seafood sector?
- How are health concerns and consumer trends driving consumption?
- How are retailers and foodservice operators reaping returns on seafood sales?

### Wild fisheries: Harvesting returns from the sea

- How restructuring and consolidation have made fisheries a stable, profitable investment
- How increasing demand will further professionalize the fishing sector
- The rising demand for fishmeal and oil-based products

### Sponsor Presentation: DNB

- Seafood consolidation seen from a global leading seafood bank

Presenter: Anne Hvistendahl, Head of Foods and Seafood

### Company Presentations: High Liner Foods:
